**660 clinical hours**

\*Clinical Courses

+N5544 & N5534 Fall semesters only

++ N5547 & N5535 Spring semesters only

Clinical placements in this program are crucial. Therefore, your adherence to your schedule is extremely important. If you deviate from your plan of study during your progression through the program, your completion of the program could be delayed because eligibility for subsequent clinical courses would be on a space available basis.

Time Limit on Graduate Coursework: Credit more than seven years old at the time of graduation that is included on the approved program of study and which has not been applied to a previous degree may not be counted toward the fulfillment of a graduate degree program unless validated to the satisfaction of the School of Nursing and the School of Graduate Studies. (UMKC General Catalog)

Note: Course Schedules and Plans of Study are examples and are subject to change without notice.
