Total Program Hours: 68
(not including the five prerequisites)

* To lessen your course load in the first fall clinical semester, you can take Quantitative Analysis (Statistics) early, but it must be at UMKC or it must be a 300 level or higher Statistics course from a four-year college. (Do not change your plan of study without first consulting with student services advisors).

** A 1 credit hour nursing elective may be taken in the final spring semester if you need to be enrolled in 12 credit hours for financial aid purposes, but it is not required.

+ Clinical Lab Course
